Program Updates

Allocation to Virginia for 2014-2015 is \$17.82 million dollars.

That's a \$1.4 million dollar increase from 2013-2014 when Virginia received \$16.34 million dollars.

\$8,254,416 million dollars allocated to award 47 first year grants in cohort 13 for 2014-2015. (There were 113 applicants.)

Because of appropriation increase, 24 additional competitive grants were awarded to first year grantees than last year.

About the Program

In total there are **99** grants operating in cohorts 11, 12, and 13 in 2014-2015.

12 of the **99** are awarded to non school divisions (government agencies, IHEs, private organizations, community-based, or faith-based organizations).

There are grants in **all eight** of Virginia's superintendents' study group regions.

Since awarding 21st CCLC competitive grants in 2002-2003, the Department has awarded **420** grants.

IT'S UP TO YOU!

Provide students with academic enrichment opportunities along with activities designed to complement the students' regular academic program.

Continue your critical role in the child's learning process and development in the beyond school hour programs.

Institute your program
with fidelity.

Treat each child with
dignity and respect.

Make every day meaningful.

**YOUR combined efforts make the
program successful!**
